

CUDY-37

LT400

4G LTE N300 WiFi Router

4G  **WiFi4**

- Cudy 4G WiFi Router 300Mbps
- LTE speed up to 150 Mbps downstream and 50 Mbps upstream
- WiFi speed up to 300 Mbps
- Supports VPN for security connections
- Supports more than 15 DDNS for remote management
- 4G Watchdog
- WiFi scheduling supports configuration of available WiFi time
- Flexible WAN/LAN port for dual connectivity.

Reference / Model	CUDY-37 / LT400
4G LTE Cat 4 AC1200 4G LTE WiFi router	
2 2.4G WiFi antennas (802.11n)	
2 4G LTE antennas	
5dBi gain	
WiFi Frequency: 2.412 GHz ~ 2.4835 GHz	
LTE FDD frequency bands: B1/B3/B7/B8/B20 (2100/1800/2600/900/800MHz)	
LTE TDD LTE frequency bands: B38/B40 (2600/2300MHz)	
Up to 150 Mbps downstream and 50 Mbps upstream LTE speed	
WiFi speed up to 300 Mbps	
IEEE 802.11n/b/g WiFi Standards	
Transmission power of <20dBm (CE)	
Wireless Modes: Wireless Radio On/Off, WMM	
Wireless Security: WEP, WPA/WPA2, WPA-PSK/WPA2-PSK	

4G LTE N300 WiFi Router

Reference / Model	CUDY-37 / LT400
	OpenVPN / WireGuard / PPTP / L2TP
	Privacy protection thanks to DNS encryption via Cloudflare, NextDNS or Google
	Supports more than 15 DDNS for remote management
	Watchdog 4G feature allows automatic reactivation in case of disconnection
	WiFi scheduling allows configuring the WiFi time available
	1 Nano SIM slot
	3 RJ45 10/100 Mbps LAN Ethernet ports
	1 10/100 Mbps Ethernet LAN/WAN RJ45 port
	1 reset button
	Power supply: 12V DC / 1A
	Operating temperature: 0°C ~ +40°C (32°F ~ +40°F)
	Operating relative humidity 5% ~ 95%
	Storage temperature from -20°C ~ +70°C
	Dimensions: 210 x 146 x 230 mm
	Weight: 700 g
